

Using data collection to go a lot faster

Race Intelligence seminars

presented by Precision AutoResearch

Precision AutoResearch will host two very informative and instructional sessions, each of which will be offered on two separate weekends (choose session days that work best for you). Presented by renowned race engineer and technical consultant, David Redszus, these sessions are guaranteed to help you learn quickly and go faster using data collection.

Saturday, November 3 or November 10

Sunday November 4 or November 11

**LEVEL I:
INTRODUCTION TO DATA ACQUISITION**
If you have a new data system, or are considering buying one, this session will be very useful to get started properly and quickly.

**LEVEL II:
DATA ANALYSIS TECHNIQUES & TRICKS**
While intended for existing AIM system data users, the techniques and tricks presented are applicable to other systems as well.

- Overview of data collection systems; components and racer benefits
- In-car installations made easy
- Set ups and configurations for your specific application
- Organizing your data for easy retrieval and quick analysis
- Downloading, viewing lap data, and drawing track maps
- Basic data review & analysis

- Establishing your data analysis strategy
- Prioritization & Grouping of Data
- Math Channels: development & use
- Comparing Multiple Laps & Tests
- The Unique Functions of **Race Studio2** software
- Special sensors, their proper use and interpretation
- Analyzing Data with Video (DaVID)
- Analyzing your own data using **RaceDataPower** software

These will be intense, informative sessions, not sales promos! Bring your laptop and all your questions. An informal question/answer session will be available after the seminars to discuss your specific applications.

**The seminars will be held on two different weekends
Level I—offered Saturday November 3 & 10
Level II—offered Sunday November 4 & 11**

at
CHICAGO INDOOR RACING
301 Hastings Dr. Buffalo Grove, IL 60089

Seminar Information

- The seminars will begin promptly at 10:00am and run until approximately 4:30pm. Please arrive at least 15 minutes early, as a courtesy to other attendees.
- The cost of each seminar is \$60 per person, prepaid. **No walk-ins.** Goodies, refreshments and note-taking materials will be provided. Please pre-register!
- An outstanding menu and bar is available at CIR; you are welcome to eat during the seminars, but please order your food upon arrival. There will be short breaks every 2 hours.
- Bring your laptop (with RaceStudio2 data!) and power supply.

DIRECTIONS:

Chicago Indoor Racing is located at 301 Hastings Drive, north of Lake Cook Rd. Hastings is approximately 3/4 mile east of Hwy 83 and 1 mile west of Milwaukee Ave.

For detailed driving instructions, go to www.chicagoindoorracing.com or call (847) 941-9400.
