“The Mental Game of Data”
11.5.20
Edited Q&A

1 **Q:** How can using a Smartycam help or hinder analysis?

A: Visual learning is universal. Some people take to learning from video much easier than the graphs.

2 **Q:** On the Road America track map, the entire front straight is shown as one segment but the front straight has start/finish, can I segment bridge start/finish?

A: [Answered live at 1:01:01]

3 **Q:** Most people in racing talk about “coasting” as losing time when you could be accelerating/braking but there are some situations when it is necessary. Could you give us your thoughts on that?

A: [Answered live at 54:00]
