Edited Q&A

1 **Q:** On RS3, how do you change the historical image on Google Earth?

A: [Answered live at 15:50]

2 **Q:** How far away are we from being able to use segments in RS3?

A: [Answered live at 17:19]

3 **Q:** Is opening multiple layout tabs in the same profile going to be available?

A: [Answered live at 17:35]

4 **Q:** How do you open saved profiles?

A: You first have to have multiple profiles saved and open a session, then go to "change analysis profile settings" (small gear icon in the top left), then go to "load profile" and your saved profiles will appear in the drop-down menu.

5 **Q:** What major pieces are still missing in RS3 that exist in RS2?

A: [Answered live at 17:49]

6 **Q:** Will there be a user guide for RS3?

A: [Answered live at 18:26]

7 **Q:** What is the source for the weather report?

A: OpenWeather. <https://openweathermap.org/>

8 **Q:** How do you take a session back out of the preview list?

A: [Answered live at 19:50]

9 **Q:** In the future, will the weather info save with the run file? I only go to certain tracks once a year so saving for only 1 year is not all that useful.

A: [Answered live at 18:50]

10 **Q:** Will “show in Explorer” be a possibility to store setup sheets linked to logged data?

A: [Answered live at 19:18]

11 **Q:** There are correction factors that land surveyors use to adjust GPS errors. Any thoughts about putting a feature like that in RS3A?

A: [Answered live at 20:30]

12 **Q:** Could you have your “power users” put together some of their favorite views and have them available for everyone to use?

A: [Answered live at 49:32]

13 **Q:** Can you export a single lap?

A: [Answered live at 50:15]

14 **Q:** When will RS3 have an undo/back button?

A: I think it would likely be hard to apply a "blanket" undo button in software like this. You're welcome to put in a request for that feature to software@aim-sports.com though.

15 **Q:** Is there a hot key to display the entire run in the main screen instead of lower session bar?

A: [Answered live at 51:34]

16 **Q:** Emiliano, would it be possible to add saved profiles to the upper row of file tabs?

A: [Answered live at 53:16]

17 **Q:** Are profiles stored with a "user" and available in all sessions?

A: That is correct.

18 **Q:** When I click up or down on the channel list, it sometimes scrolls the entire panel. Is this a bug?

A: I haven't encountered it personally but be sure to use the “send feedback” feature in RS3A to report suspected bugs.

19 **Q:** Can you have a color scale on the right?

A: [Answered live at 49:58]

20 **Q:** RS2 used to show “corner” numbers. Will this be added to RS3?

A: [Answered live at 53:12]

21 **Q:** Can I add a split?

A: Yes, you can. Right click on the split and choose “divide”.

22 **Q:** Will you add the possibility to use channel reports with splits rather than only with entire laps?

A: [Answer ed live at 53:55]

23 **Q:** On the time-distance screen, what is the bottom modal called? I’d like it to hide-on-spacebar but can’t seem to find it in the settings.

A: [Answered live at 54:21]

24 **Q:** Some drivers like to see the totals for best rolling lap. Will this be added?

A: [Answered live at 56:47]

25 **Q:** I've noticed that my GPS acceleration looks very "spiky" in RS3A when compared with RS2A. Why is that?

A: [Answered live at 56:55]

26 **Q:** In many menus you have the option to select all laps at once, can that feature also be added to the time-distance graph?

A: [Answered live at 59:54]

27 **Q:** On the split report, are the total values of the best rolling and best theoretical laps going to be added?

A: [Answered live at 48:05]

28 **Q:** I really think it is important to have multiple "time-distance" tabs within the same "profile" view. Can this be added?

A: [Answered live at 58:51]
