Edited Q&A

1 **Q:** I am lost in RS3 on the normal opening and selections.

A: Here's a link to the intro to RS3 beta that covers most of the basics:

2 **Q:** When I have RS3A beta open and want to switch to RS3 or vice versa, I first have to restart the computer. Otherwise, I get a message that I have another RS3 running, even if it's closed. Is something wrong with my computer or is it a problem with the software?

A: I have had a similar issue but, instead of restarting, you can close the application in task manager or wait a minute for your PC to close the program naturally.

3 **Q:** What determines the sampling rates for data and why?
